

Technological Interventions

Technology plays an increasingly important role in enhancing women's safety.

Several mobile apps and digital platforms offer features like emergency alerts, location sharing, and safety tips.

- **Himmat App (Delhi Police):** Allows users to send an SOS alert to the Delhi Police Control Room with their location.
- **Suraksha App:** Offers features like emergency contacts, location sharing, and a safety timer.
- **CitizenCop:** Allows users to report crimes and incidents to the police and share information with other users.
- **Smart24x7:** Provides emergency assistance and allows users to share their location with trusted contacts.
- **bSafe:** Offers features like live location sharing, a fake call option, and an SOS button.
- **Eyewatch Women Safety App:** Sends audio and video recordings of incidents to pre-selected contacts.
